25. Swift Boxes
26. Sustainable Urban Drainage
27. Tree Planting
28. Vegetable Growth
29. Water Collection
30. Wormery & Natural Fertilisers

Environmental Statement

We are committed to making the world a better place and leaving a positive legacy for the next generation - working beyond remediation to improve forgotten spaces and hidden places for people and the environment.

We are committed to working sustainability and achieving a net gain in biodiversity, habitat and wellbeing – maximising the environmental potential of every site now and into the future.

The following examples are some of the ways we have and hope to improve the environment, providing ideas and options where we could add additional environment, ecological and sustainability value to your development or project.

We are proud to support local business and therefore happy to share this document printed on ethically sourced recycled paper.

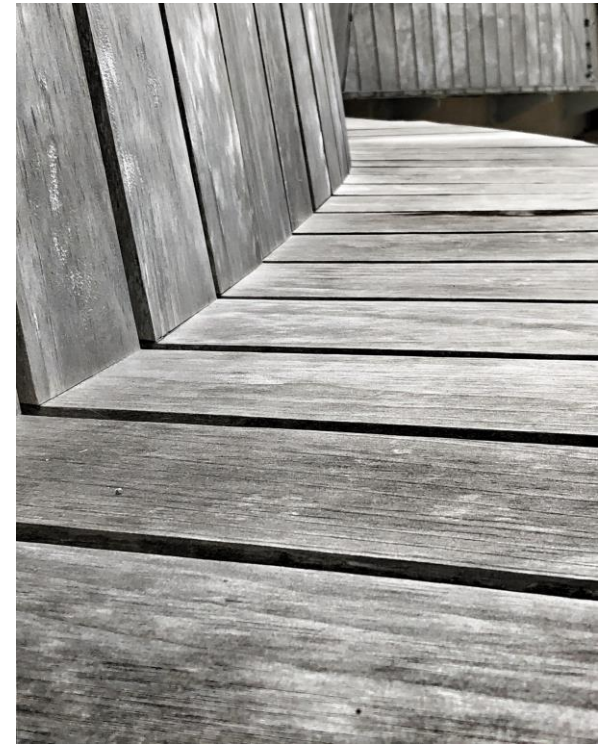

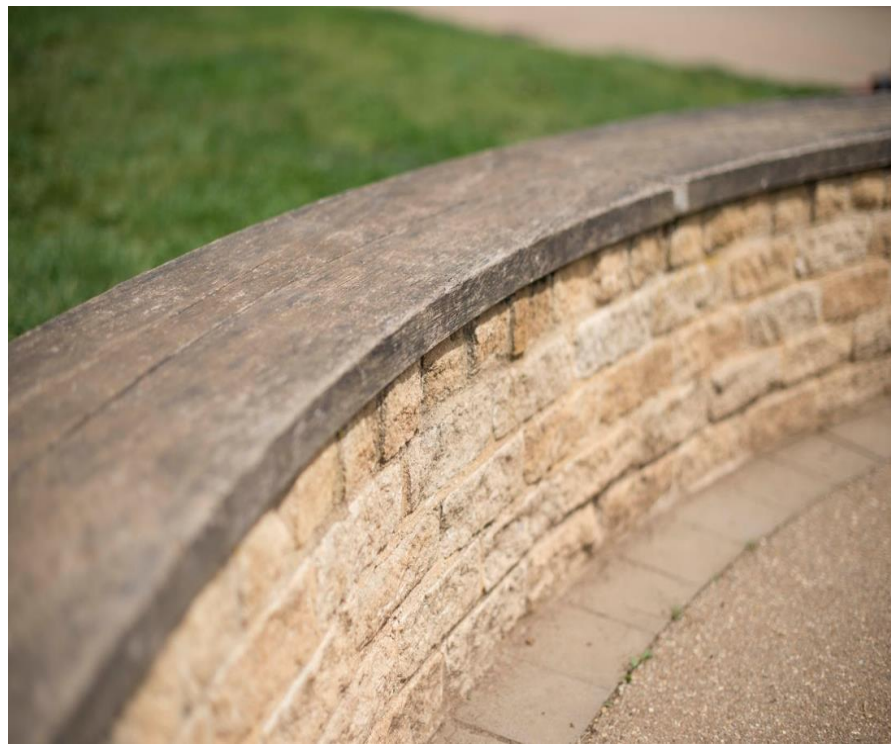

1. Bee Hives

2. Benches & Seating

3. Bird & Bat Features

4. Bird Boxes

5. Bug Hotels
